

# APRIL 2018 ROUND UP

Randy Hunt, MD, Brandi Middour-Oxler, DNP, and Shaina Blair, LCSW received a nice grant from the Boomer Esiason Foundation that is supporting the transition program. Specifically, the funding will support implementation of the CF transition program (Journey to Independence). Learn more [here](#).

## GRANT

"Spatial determinants of quorum signaling in a *Pseudomonas aeruginosa* infection model." Sophie E. Darch, Olja Simoska, Mignon Fitzpatrick, Juan P. Barraza, Keith J. Stevenson, Roger T. Bonnecaze, Jason B. Shear and Marvin Whiteley. *Proc Natl Acad Sci USA*. 2018 Apr 17. pii: 201719317

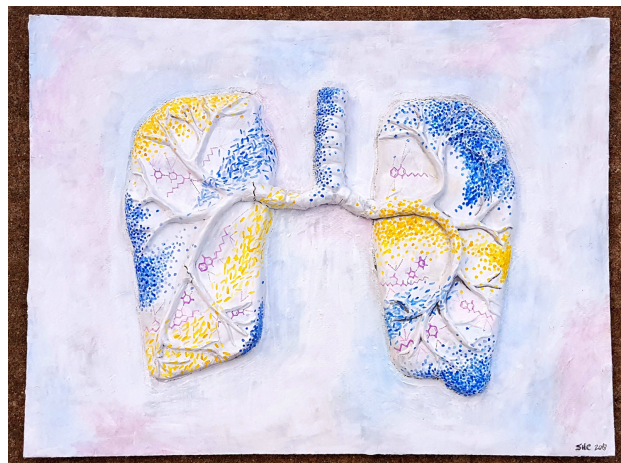

## PUBLICATION

Dr. Joanna Goldberg was elected to the American Society for Microbiology on Microbial Sciences as a Division Interdisciplinary Councilor!

"Micromanagement" by Sarah Hunter-Chang. "Lung infections are common and difficult to treat in cystic fibrosis patients, a problem that the Garg lab is working on. They have shown that bacteria in the lungs can influence how and where other species grow by releasing certain molecules, which this piece seeks to illustrate."
