INTRODUCTION TO HANOVER GRANTS

Sponsored Programs Solutions

AREAS OF SUPPORT

GRANTSEEKING CAPACITY
DEVELOPMENT

Developing organizational capacity to pursue and win grant funding, through training, strategic assessment, and benchmarking.

FUNDING
RESEARCH

Identifying and evaluating grant opportunities aligned to member projects, while enabling longer-term planning through funded project research and forecasting.

PRE-PROPOSAL
SUPPORT

Assessing and developing competitive project concepts, helping members to navigate funder requirements and build relationships prior to completing submissions.

PROPOSAL
SUPPORT

Supporting member-led grant proposal projects by providing review and revision services designed to ensure the strongest possible proposals are submitted.

PROPOSAL
DEVELOPMENT

Leading programmatic grant proposals, in close coordination with member teams, crafting narrative drafts over a defined timeline towards a polished submission.

GRANT ALERTS AND CALENDARS

Through a series of newsletters, the Hanover Grants team tracks funding opportunities in line with strategic interests of our members:

GRANT ALERTS *WEEKLY*

Every Monday, learn about the previous week's grant solicitations of interest from federal agencies and select private foundations. Alerts are broken up into research and programmatic grant opportunities: Higher Education Programmatic, Higher Education Research, Health Programmatic, and Health Research.

GRANT PROJECTIONS *MONTHLY*

Each month, Hanover looks three months ahead at major grant competitions, providing details on program background, key deadlines, and timelines for engaging Hanover for varying levels of assistance. Projections available: Higher Education, Health, and K-12.

GRANTS CALENDARS *MONTHLY*

Hanover produces a specialized calendar each month, tracking grant opportunities across the coming year of interest to different types of institutions and to faculty in different areas of focus. These calendars include: Minority-Serving Institution Grants, Arts & Humanities, STEM Program Grants, STEM Research Grants, Health Research Grants, Early Career Faculty Grants.
