

THE INAUGURAL

DATACON 2024

Demystify the process of working with EHR data

Click [HERE](#) to Register

**A 3-day event for researchers, scientists, trainees,
QI analysts, and data curators to learn how to:**

- Access and leverage available EHR data at CHOA
- Navigate data pull requests, regulatory requirements, and compliant data storage
- Perform basic data quality checks and cleaning
- Create stunning data visualizations
- Utilize self-service tools such as SlicerDicer, PopDisco, Qlik, RShiny, and more!

JANUARY 16 - 18, 2024  **9 AM TO 5 PM**  **CHILDREN'S SUPPORT BUILDING**

Co-sponsored by
Center for Clinical Outcomes Research and Public Health
Children's Health Informatics Core
